Choose a Region

1. If you could visit any region that Geo and Meri saw, which would you choose? Use the **Region Pro/Con Chart** to rate pros and cons of each region and make a choice. Do you remember the regions? Some of the regions include New England, Great Plains, Southwest, Southeast, Northwest, and others.

2. Now that you have chosen a region, what places there would you definitely want to see (and why)? Choose at least three specific locations and add them to the **Locations Chart**.

3. What cardinal directions would you travel between home and your chosen locations? What specific types of transportation must you use? Write a set of directions with approximate distances and cardinal directions on the **Directions Chart**.

4. Write a paragraph or blog entry explaining why you choose to visit this region. Use at least three of the following terms in your answer: climate, natural resources, landform, longitude, or latitude.
